RTC Antwerp's Spreadsheet of XR Content Creators

RTC provides hundreds of training software courses for the 150,000 students and 700 schools the program serves in Belgium. To help the teachers easily find which program is best for their training, RTC created a detailed spreadsheet of all the courses and kinds of programs they use.

We have compiled and consolidated that list for you to easily search and find content based on **Developer**, **Application Name**, **Subject/Field of Study**, and a corresponding **Module**.

Developer	App Name	Field of Study	Module
Aeres Tech Productions & Delaval	Milking Robot	Agriculture and Horticulture	—
PXL University College	Tractor - Control Inside - 360°	Agriculture and Horticulture	—
PXL University College	Tractor - Outside Control - 360°	Agriculture and Horticulture	—
Warp VR	Warp VR	Agriculture and Horticulture	Tractor
Open Brush	Open Brush	Art	—
Cybernetic Walrus	VR Tire Fitter	Auto	—
Diagnosis Car / RMDY	EV'nar	Auto	—
Vivista Player	Vivista Player	Auto	—
Durrant Lab	Protein VR	Biology	—
GWPro	GWPro	Build	Fire Safety (Workshop)
Play It	Play It	Build	General Safety Level 1 — Working at Height: Mobile Scaffolding
Supportsquare	VR Construction Nodes	Build	—
Supportsquare / Constructiv	Risk of falling	Build	—
Futurclass	Futurclass	Chemistry	Oxygen Escape Room, Nuclear Reactions
Immersive Factory	Hazard Spotting - Chemical Factory	Chemistry	Hazard Spotting - Chemical Factory
Soulmade / ACTA	Introduction to process installation	Chemistry	
Sukolsak Sakshuwong	MolAR	Chemistry	—
UHasselt	VR Physics Learning	Chemistry, Physics	Atomic Model, CT Scan, Radiation Protection
Futurclass	Kitchen Assembly	Construction, Wood	—
Rhinox, Syntra	Working safely at height	Construction, Wood	—
The Simulation Crew / Virtual Skillslab	Cashier Trainer, Hospitality Game	Economy, Logistics	—

Developer	App Name	Field of Study	Module
GWPro	GWPro	Electricity, Mechanics	Electrical Safety
Immersive Factory	Maintenance Operation - Hydraulic LOTO	Electricity, Mechanics	Maintenance Operation - Hydraulic LOTO
Play It	Play It	Electricity, Mechanics	General safety - Level 1: Electrical Cabinet Short Circuit
Fluxys	Gas Distribution	Electricity, Mechanics	—
Soulmade	VR Welding	Construction	—
Smoothsoft	Pizzeria	Restaurant Training	—
National Geographic	Inside Chichen Itza - 360°, NASA	Geography	—
Perlan Museum	Flying Over Iceland Volcano - 360°	Geography	—
Seymour & Lerhn	VR Earthquake	Geography	—
South West Coast Path Association	The Climate Change Trail	Geography	Fire Safety (Workshop)
Timelooper Inc.	Xplore Grand Canyon National Park, Explore Petra	Geography	General Safety Level 1 — Working at Height: Mobile Scaffolding
AirPano	AirPano	History	—
Anne Frank Foundation	Anne Frank House VR	History	—
BBC	Acropolis - 360°	History	Oxygen Escape Room, Nuclear Reactions
Cultural Projects Berlin GmbH	Augmented Berlin	History	Hazard Spotting - Chemical Factory
Dutch Rose Solutions	Brabant Remembers	History	—
Gaasbeek Castle	Gaasbeek Castle - 360° tour	History	—
Holocaust Museum LA	Sobibor AR Exhibit	History	Atomic Model, CT Scan, Radiation Protection
National Geographic	Battle of Waterloo - 360°	History	—
Smithsonian Institution	Doorways Into Open Access	History	—
The Tank Museum Bovington	Inside the First Tanks - 360°	History	—

Developer	App Name	Field of Study	Module
Timelooper Inc.	Explore Hiroshima, Explore Pearl Harbor	History	–
VR Lab	Bivouac 44-45	History	–
WDR	Inside Auswitch - 360°	History	–
World of Tanks	1941 Battle Reenactment - 360°	History	–
Changefied	Virtual TechLab	Information and Communication Technologies (ICT)	–
Meynen Studio/Luca School of Arts/Wim Forceville	BabelAR	Languages	–
VirtualSpeech	VirtualSpeech	Languages	–
Immersive Factory	Hazard Spotting - Warehouse	Logistics	Hazard Spotting - Warehouse
One Bonsai	Warehouse360	Logistics	–
Play It	Play It	Logistics	Internal Traffic - Level 1: Forklift: What Does a Driver See?
Serious XR	Forklift Inspection, Order Picking	Logistics	–
The Simulation Crew/Virtual Skillslab	Warehouse Game	Logistics	–
Are You Waterproof	Storm Surge Barrier - 360°, Fishing - 360°	Maritime Shipping	–
Flemish Road Safety Foundation	Blind Spot - 360°	Push Along Vertical (PAV)	–
Els Tanghe (UA)	Safety and Prevention of Elderly Care Recipients - 360°	Healthcare	–
One Bonsai	Brabant Remembers	Healthcare	–
Play It	Play It	Healthcare	First Aid - Level 1: First Aid during COVID-19, Ergonomics - Level 1: Screen Work
Play It	Play It	Healthcare	General safety - Level 1: Find the faults in the Environment (Hospital), Hygiene: Hand Hygiene: Alcohol Gel
The Simulation Crew/Virtual Skillslab	Critically Endangered Patient	Healthcare	–
VR Library	Warp VR	Healthcare	First Aid, Working with a Contagious Respiratory Infection (Nursing Ward)
Supportsquare	Commercial kitchen VR	Electricity	–

Developer	App Name	Field of Study	Module
Edmentum	Edmentum AR Biology	Sciences	—
Melscience	Melscience	Sciences	Atom Structure, Make a Molecule, Thermal Conductivity
XReady Lab	Embryonic Development, Eye Structure, Plant Cell Structure, Mitosis	Sciences	—
Appreciate	FACT	Umbrella	—
Play It	Play It	Umbrella	—
Play It	Play It	Umbrella	—
Poolpio Immersive Content Studio	Tour of the European Parliament - Strasbourg	Umbrella	—
Thinglink	Thinglink	Umbrella	—
VR Lab	Virtual Life Support	Umbrella	—
Warp VR	Warp VR	Umbrella	Resuscitation, Experience Low Literacy, Road Safety, Raid
Baroque Software	Sketch Up VR	VOTE	—
Vectorworks	Vectorworks Nomad	VOTE	—
Woodwize	Woodcraft VR	Wood Working	—
